Cancellation kit PASM, Porsche 991-GT3, 981-GT4

35020-13

Mounting Instructions

MOUNTING INSTRUCTIONS

⚠ Warning!

It is advisable to have an Öhlins dealer install the cancellation kit.

⚠ Warning!

If working on a raised vehicle, ensure it is securely supported.

Preparation:

1

Seal the end of the wire with shrinking tube or a tape.

2

Fix the wire with cable ties on the coilover strut.

MOUNTING INSTRUCTIONS

Porsche GT3:

The control unit is located below the parcel shelf.

3

Dismantle the interior panel. Disconnect the marked connector and fix it with cable ties on the wire harness.

4

Insert the supplied plug into the control unit and lock.

MOUNTING INSTRUCTIONS

5

Fix the one adhesive tape on the electronic component.

Note!

Surface must be cleaned and degreased.

6

Connect the wire into the supplied electronic component. Check the correct locking of the plug. Bond the electronic component on the surface.

Note!

Surface must be cleaned and degreased.

MOUNTING INSTRUCTIONS

Porsche GT4:

The control unit is in the trunk on the right side of the vehicle.

1

Dismantle the interior panel. Disconnect the marked connector and fix it with cable ties on the wire harness.

2

Insert the supplied plug into the control unit and lock.

3

Fix the one adhesive tape on the electronic component.

Note!

Surface must be cleaned and degreased.

4

Connect the wire into the supplied electronic component. Check the correct locking of the plug. Bond the electronic component on the surface.

Note!

Surface must be cleaned and degreased.

Öhlins products are subject to continuous improvement and development, therefore, although these instructions include the most up-to-date information available at the time of printing, minor updates may occur.

To find the latest information contact an Öhlins distributor. Please contact Öhlins if you have any questions regarding the contents in this document.
