ROAD & TRACK

PRODUCT NEWS

MINI COOPER 2014-

COOPER, COOPER S, JOHN COOPER WORKS GP 2014-

PART NO: MCS MU00 • **CHASSIS CODE:** F55, F56, F57

This is the latest step in the Öhlins Racing automotive philosophy – Road & Track by Öhlins.

A more than 30 year long tradition of high-end racing commitments and state-of-the-art solutions within advanced suspension technology is now available for street cars all over the world. The focus has been clear from the very beginning – superior road handling without sacrificing comfort in your day-to-day transports. The time of compromises is over. All shocks have suffered through vast corrosion tests according to ISO 9227. The end result is a 2-year limited warranty on all of our products - worldwide.

Öhlins Road & Track team has extensively tested a wide variation of springs to find the right balance between road and track use. By testing in different conditions on road as well on track, the listed spring rate is what we strongly recommend you to use.

GENERAL FEATURES

- > DFV (Dual Flow Valve)
- > Rebuildable
- > Corrosion salt spray tested (ISO 9227)
- > 2 year limited warranty
- > Springs ordered separately
- > Temperature compensated

FRONT FEATURES

- > McPherson strut
- > Single bleed adjuster
- > Spring preload adjuster
- > Height adjustable (approx. 10-15 mm for all except GP. GP 2-5 mm)
- > Coil springs (60 N/mm)
- > Use with original top mounts
